Professional Summary

Computer Science Engineering student with experience in developing full-stack web applications using Python, Flask, MySQL, HTML, and CSS. Familiar with database design, authentication systems, CRUD operations, and API integration through academic and personal projects. Interested in software development, problem solving, and continuous learning.

Education

Bachelor of Technology (B.Tech) in Computer Science and Engineering *2023 – 2027*

College of Engineering, Adoor | APJ Abdul Kalam Technological University (KTU)

CGPA: **8.89 / 10.00**

Technical Skills

Programming Languages: Python, Java, C

Web Technologies: HTML, CSS, Flask, Bootstrap

Database: MySQL, SQL

Core CS Fundamentals: Data Structures, Database Management Systems (DBMS), Operating Systems (OS), Computer Networks (CN)

Tools Platforms: GitHub, Visual Studio Code, Render, TiDB Cloud

Soft Skills: Problem Solving, Analytical Thinking, Debugging, Team Collaboration

Projects

SmartDay – AI-Powered Student Planner and Productivity Assistant *May 2026 – Jun 2026*

Flask, MySQL, TiDB Cloud, Google Gemini API, HTML, CSS, Bootstrap

- Developed a full-stack web application for task management, study planning, and workload tracking using Flask and MySQL.
- Implemented user authentication, CRUD operations for task management, productivity metrics, and deadline-based task tracking.
- Integrated Google Gemini API to generate personalized study plans and workload analysis based on user tasks and productivity data.
- Deployed the application on Render and configured cloud-hosted database connectivity using TiDB Cloud.

PathPilot – Career Suitability Evaluation Web Application

Jan 2026 – Mar 2026

Flask, MySQL, HTML, CSS

- Developed a database-driven web application using Flask and MySQL to evaluate career suitability through weighted questionnaire-based assessments.
- Implemented user registration, authentication, questionnaire-based evaluation workflows, and result history tracking.
- Designed frontend interfaces, integrated relational MySQL database operations, and collaborated using GitHub.

Certifications & Achievements

- **Second Prize** – Spot the Bug 2.0, a debugging competition held by IEEE Computer Society Kerala Chapter & IEEE Young Professionals.
- **NPTEL Certification** – Programming in Java (**Elite + Silver, Top 1% Score: 82%**).
